8:40 a.m. Tom Kriegel, Sheriff; Joe Meyer, Jail Administrator; and Joel Vanderleest, Chief Deputy met with board to discuss building maintenance at public safety building. They are having trouble with the current servicer of the heating/cooling system controls and have things that need repaired. The temperature at the building is not consistent from room to room. Currently they have Woodman Controls and they do not feel they are providing services needed and do not feel they are fixing the problems occurring in the building. They would like the board to look at Environmental Control Solutions for the control portion of the heating/cooling system. Environmental has reviewed the system at the public safety building and made recommendations for updates/repairs. They feel the temperature ranges are not set up properly.
